Hiring Management Team
Janus Henderson

To whom it may concern:

I am excited to apply for the Software Engineer role at Janus Henderson. With extensive experience in C, API development, and cloud services, I am confident that I can contribute to your investment technology team by building scalable systems and enhancing operational efficiency. Janus Henderson's mission to achieve superior financial outcomes through disciplined investments and world-class service aligns with my passion for developing solutions that drive business value and enable seamless collaboration.

In my role as a Technology Support Specialist at Tolleson Union High School District, I led the development of microservices to automate IT operations. Using C and Azure functions, I designed solutions that reduced manual workload by 50% and enhanced system performance. Additionally, I worked closely with cross-functional teams to deliver solutions that adhered to Agile delivery frameworks and SOLID principles, ensuring scalability and maintainability—key values I can bring to Janus Henderson's development team.

At by The Lindemans, LLC, I further developed my skills by building cloud-integrated wellness applications that leveraged APIs to exchange real-time data between mobile apps and backend services. This experience provided me with a solid understanding of cloud infrastructure, API management, and the design of complex, data-driven systems, making me well-prepared to handle the challenges of the Software Engineer role at Janus Henderson.

Janus Henderson's commitment to collaboration and innovation resonates deeply with my approach to software engineering. Your values of teamwork, diversity, and execution align with my own beliefs about fostering an inclusive environment and building high-impact solutions. I am inspired by the opportunity to contribute to your financial risk and exposure analytics platforms and look forward to the possibility of working with your exceptional team.

Thank you for your time and consideration. I would welcome the opportunity to discuss how my technical background, Agile mindset, and commitment to continuous learning align with the goals of Janus Henderson. I look forward to the possibility of contributing to your mission of helping clients achieve superior financial outcomes.

Respectfully,
Enoch Lindeman
