

# ENOCH LINDEMAN

Junior Python Django Developer / SaaS Application Specialist  
Backend Developer / Task Scheduling Expert

✉ enoch@lindeman.family    ☎ (619) 333-8221  
🌐 www.linkedin.com/in/enoch-lindeman    📍 San Diego, CA

## EXPERIENCE

### Junior Python Developer / Backend Engineer

by The Lindemans

📅 Dec 2022 – Ongoing

📍 Glendale, AZ

- Developed and maintained SaaS applications using Django
- Built and maintained backend systems for SaaS products, utilizing Django and Django Rest Framework (DRF) for API development
  - Used Celery for task scheduling and distributed message passing to enhance system performance and reliability

- Collaborated with cross-functional teams to ensure code quality
- Worked with other developers to review code, implement performance optimizations, and maintain high coding standards
  - Troubleshoot and resolved complex issues related to application performance and scalability, improving reliability and user experience

### Information Technology Support Specialist

Tolleson Union High School District

📅 Jun 2022 – Ongoing

📍 Avondale, AZ

- Developed backend Python applications for internal tools
- Built internal tools using Python and Django to automate data processing tasks, improving efficiency and reducing manual errors
  - Managed database integrations with MySQL to handle data storage and retrieval for various applications

- Enhanced application performance through debugging and testing
- Conducted thorough debugging of backend systems to identify and resolve performance bottlenecks, leading to a 20% improvement in response times
  - Collaborated on testing efforts to ensure system reliability and adherence to best practices

## EDUCATION

### Bachelor of Science in Technological Entrepreneurship and Management

Arizona State University

📅 Expected May 2026

📍 Online

- Relevant coursework: Web Development, Python Programming, Software Engineering, API Design

### Associate of Science in Computer Science

Rio Salado College

📅 August 2024

📍 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA

## SUMMARY

Junior Python Django Developer with over 1 year of experience in backend development for SaaS products. Proficient in Python, Django, and Django Rest Framework (DRF), with hands-on experience in task scheduling using Celery and relational database management with MySQL. Strong problem-solver with a passion for writing clean, maintainable code and optimizing application performance. Collaborative team player, dedicated to delivering high-quality software solutions.

## TOOLS

- Python
- Django
- Django Rest Framework
- Celery
- MySQL
- REST APIs
- SaaS Development
- Task Scheduling
- Version Control (Git)
- Software Best Practices

## SKILLS

- Backend Development
- API Design
- Relational Databases
- Task Scheduling
- Performance Optimization
- Software Debugging
- Problem Solving
- Collaborative Development
- Clean Code
- Continuous Improvement
