

SUMMARY

Rust Engineer with over five years of experience developing high-performance software in Linux environments. Skilled in distributed systems, storage solutions, and modern development tooling. Experienced with Bash scripting, WebAssembly, and agile workflows, with a passion for building scalable solutions for data-intensive applications. Strong collaborator with a background in CI/CD, troubleshooting, and delivering well-documented, maintainable code.

EXPERIENCE

<div>Software Developer</div> <div> Dec 2022 – Ongoing</div> <div>Developed features and maintained software solutions using Rust</div> <ul style="list-style-type: none">Designed and implemented core components for distributed systems and storage solutions.Wrote and optimized Bash scripts to automate deployment and troubleshooting tasks.	<div>by The Lindemans, LLC</div> <div> Remote</div> <div>Collaborated with remote teams and utilized modern development tools</div> <ul style="list-style-type: none">Managed version control with Git and Jenkins for seamless CI/CD pipelines.Participated in product documentation and bug-fixing efforts across multiple platforms.
<div>Technology Support Specialist</div> <div> Jun 2022 – Ongoing</div> <div>Contributed to the design, deployment, and maintenance of infrastructure</div> <ul style="list-style-type: none">Managed infrastructure supporting thousands of users, ensuring smooth operation and rapid troubleshooting.Used Jenkins and Git to manage version control and automate system updates.	<div>Tolleson Union High School District</div> <div> Remote</div> <div>Collaborated within agile workflows to meet project deadlines</div> <ul style="list-style-type: none">Participated in sprint planning, retrospectives, and code reviews to ensure high-quality development.Integrated front-end components with backend infrastructure for optimized performance.

EDUCATION

<div>Bachelor of Science in Technological Entrepreneurship and Management</div> <div> Expected May 2026</div> <div>4.0 GPA Coursework includes Distributed Systems, Linux Administration, and Software Engineering.</div>	<div>Arizona State University</div> <div> Online</div>
<div>Associate of Science in Computer Science</div> <div> August 2024</div> <div>Graduated Summa Cum Laude with 3.9 GPA.</div> <div>Specialized in Rust Development, HPC Storage Solutions, and Cloud Technologies.</div>	<div>Rio Salado College</div> <div> Tempe, AZ</div>

SKILLS

Rust

Linux / Bash Scripting

WebAssembly

Distributed Systems

HPC Storage Solutions

CI/CD with Jenkins

Git / GitHub

Agile Development / Jira
