

ENOCH LINDEMAN

Founding Engineer / Backend Developer / Cloud Infrastructure Specialist

✉ enoch@lindeman.family ☎ (619) 333-8221
in www.linkedin.com/in/enoch-lindeman 📍 San Diego, CA

SUMMARY

Backend developer and cloud infrastructure specialist with experience in data architecture, API design, and AWS services. Proven ability to build scalable software solutions from scratch and optimize performance for high-traffic systems. Skilled in collaborating with stakeholders to align technical solutions with strategic goals. Passionate about logistics, SaaS development, and driving innovation through data-driven decision-making.

EXPERIENCE

Backend Developer

by The Lindemans, LLC

📅 Dec 2022 – Ongoing

📍 Remote

- Developed and maintained backend infrastructure using Node.js and AWS
- Designed scalable APIs and integrated third-party services for efficient data flow.
- Managed cloud infrastructure using AWS services, ensuring high availability and performance.

- Collaborated closely with stakeholders on product development strategies
- Built local development environments to streamline testing and product iteration.
- Participated in strategic discussions to align technical solutions with business goals.

Technology Support Specialist

Tolleson Union High School District

📅 Jun 2022 – Ongoing

📍 Remote

- Optimized backend systems and managed databases across multiple environments
- Improved system performance through optimized queries and data structures.
- Managed integrations with third-party APIs to enhance system functionality.

- Worked closely with cross-functional teams to align technology with business objectives
- Participated in planning and roadmap discussions to ensure smooth deployments.
- Managed version control with Git and implemented best practices for collaborative development.
