EXPERIENCE

Technical Systems Analyst / Agile Development Specialist

by The Lindemans

📅 Dec 2022 – Ongoing

📍 Glendale, AZ

- Authored user stories, technical requirements, and process flows
- Developed comprehensive user stories and acceptance criteria to guide development teams in building and maintaining web applications, APIs, and databases
 - Collaborated with product owners, product managers, and engineering teams to ensure business requirements were accurately captured and implemented

- Utilized JIRA and Confluence for project tracking and documentation
- Created and maintained technical documentation, including system workflows and process diagrams, to improve knowledge sharing across teams
 - Participated in Agile ceremonies, including daily standups, sprint planning, retrospectives, and product demos, to ensure continuous alignment between business and development goals

Software Developer / Systems Analyst

Tolleson Union High School District

📅 Jun 2022 – Ongoing

📍 Avondale, AZ

- Collaborated with cross-functional teams to support system integration
- Conducted technical analysis to identify system integration points, authoring engineering specifications and detailed process flows
 - Developed APIs and backend systems to enhance the functionality of web applications, improving system efficiency by 20%

- Provided technical support and troubleshooting for production systems
- Triaged and resolved production issues in web applications, APIs, and databases, ensuring minimal disruption to end users
 - Assisted in querying databases using T-SQL and worked with API testing tools like Postman to identify and resolve system bottlenecks

EDUCATION

Bachelor of Science in Computer Science

Arizona State University

📅 Expected May 2026

📍 Online

- Relevant coursework: Systems Analysis, Web Application Development, Agile Methodologies, API Design

Associate of Science in Computer Science

Rio Salado College

📅 August 2024

📍 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA

SUMMARY

Technical Systems Analyst with over 3 years of experience in Agile development environments, writing user stories, technical requirements, and process flows. Proficient in web application, API, and database architecture, with a strong understanding of system integration and software development processes. Experienced in working closely with product owners, engineering teams, and stakeholders to ensure alignment with business requirements and deliver high-quality solutions. Skilled in JIRA, Confluence, O365, and API interaction (Postman, Swagger).

TOOLS

- User Stories
- Technical Documentation
- API Design
- T-SQL
- Agile Development
- JIRA / Confluence
- O365 Tools (Excel/PowerPoint)
- Process Flows
- System Integration
- SCRUM Methodology

SKILLS

- Technical Requirements
- System Documentation
- Web Applications
- Database Querying
- Cross-Functional Collaboration
- Communication Skills
- Process Optimization
- End-User Support
- Problem Solving
- Agile Engineering
