Company Name

To whom it may concern:

I am excited to apply for the Supervisor of Technology position at TEGNA. With extensive experience managing IT networks, broadcast equipment, and team leadership, I am confident in my ability to contribute to TEGNA's mission of delivering innovative and high-quality broadcast solutions. My hands-on experience with system maintenance, network troubleshooting, and team management aligns well with the responsibilities outlined in the job description.

In my current role as a Technology Supervisor, I oversee the day-to-day operations of IT and broadcast systems, managing a team of technicians to ensure 24/7 system support. I am responsible for maintaining network servers, broadcast equipment, and IT security across various departments. My experience includes managing local and capital projects for system upgrades, ensuring compliance with industry standards and regulations such as FCC requirements. Additionally, I train staff on new technologies and workflows, ensuring the efficient use of broadcast and IT systems.

I am particularly excited about the opportunity to join TEGNA and contribute to the success of your broadcast and IT operations. I am confident that my technical expertise, leadership abilities, and commitment to continuous improvement will make a positive impact on your team.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and experience align with TEGNA's vision for this role.

Respectfully,
Enoch Lindeman
