## EXPERIENCE

### Software Engineer / OIPA Configuration Specialist

by The Lindemans

📅 Dec 2022 – Ongoing

📍 Glendale, AZ

- Performed OIPA configuration and integration with enterprise capabilities
- Managed OIPA configuration tasks, using Equisoft Design to integrate enterprise-level features for enhanced system functionality
  - Collaborated with the team to test, debug, and deploy OIPA system updates, ensuring compliance with business requirements

- Developed backend systems and Java applications
- Utilized Java, SQL, and Python to develop and maintain backend services for financial and insurance applications, ensuring scalability and reliability
  - Integrated JavaScript frameworks (React, Angular) to create interactive user interfaces, enhancing the overall customer experience

### Information Technology Support Specialist

Tolleson Union High School District

📅 Jun 2022 – Ongoing

📍 Avondale, AZ

- Configured software and provided technical support for users
- Configured backend systems and ensured the successful integration of third-party services with internal applications
  - Provided technical support, troubleshooting system issues, and working with cross-functional teams to implement solutions

- Implemented continuous delivery pipelines and containerization
- Developed continuous delivery pipelines using GitLab CI, automating code deployment to various environments
  - Worked with Docker and Kubernetes to containerize applications, streamlining the deployment process and improving system scalability

## EDUCATION

### Bachelor of Science in Technological Entrepreneurship and Management

Arizona State University

📅 Expected May 2026

📍 Online

- Relevant coursework: OIPA Configuration, Java Development, Cloud Computing, Software Engineering

### Associate of Science in Computer Science

Rio Salado College

📅 August 2024

📍 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA

## SUMMARY

Software Engineer with over 3 years of experience in OIPA configuration, Equisoft Design, and integrating with enterprise capabilities. Skilled in Java, SQL, Python, and JavaScript frameworks (React, Angular). Hands-on experience with continuous delivery pipelines and working in Agile environments. Driven by a continuous improvement mindset and a commitment to delivering high-quality software solutions for customer-focused products.

## TOOLS

- OIPA Configuration
- Equisoft Design
- Java
- SQL
- Python
- JavaScript (React, Angular)
- GitLab CI
- Docker
- Puppet
- Kubernetes
- AWS Cloud
- Continuous Delivery

## SKILLS

- OIPA Testing
- Extension Integration
- Agile Methodologies
- Software Debugging
- System Configuration
- Problem Solving
- Performance Optimization
- Collaborative Development
- Critical Thinking
- Continuous Improvement
