

SUMMARY

Backend Engineer with over five years of experience designing and building scalable backend systems. Proficient in Go, API design, and service-oriented architectures. Experienced in deploying cloud-based solutions with Docker and Kubernetes, and managing databases such as Postgres and MongoDB. Strong collaborator with a focus on delivering reliable, high-performance systems that align with business needs.

EXPERIENCE

<div>Backend Developer / Infrastructure Engineer</div> <div><div>📅 Dec 2022 – Ongoing</div></div> <div><div>Built and optimized backend APIs and microservices using Go</div><ul style="list-style-type: none">Designed and managed relational and NoSQL databases, including Postgres and MongoDB.Orchestrated data flows across backend systems, ensuring seamless integration.</div>	<div>by The Lindemans, LLC</div> <div><div>📍 Remote</div></div> <div><div>Deployed cloud applications with Docker and AWS for scalability and reliability</div><ul style="list-style-type: none">Developed automated test suites to ensure code quality and system stability.Collaborated with cross-functional teams to align technology solutions with business objectives.</div>
<div>Technology Support Specialist</div> <div><div>📅 Jun 2022 – Ongoing</div></div> <div><div>Supported infrastructure and backend development in a fast-paced environment</div><ul style="list-style-type: none">Managed and optimized databases, ensuring high availability and performance.Worked with cross-functional teams to solve complex technical challenges.</div>	<div>Tolleson Union High School District</div> <div><div>📍 Remote</div></div> <div><div>Deployed and maintained key product features to meet operational demands</div><ul style="list-style-type: none">Troubleshoot application issues and resolved bugs in collaboration with the engineering team.Contributed to product documentation and process improvements for better team alignment.</div>

EDUCATION

<div>Bachelor of Science in Technological Entrepreneurship and Management</div> <div><div>📅 Expected May 2026</div></div> <div><div>4.0 GPA Coursework includes API Design, Cloud Infrastructure, and Microservices Development.</div></div>	<div>Arizona State University</div> <div><div>📍 Online</div></div>
<div>Associate of Science in Computer Science</div> <div><div>📅 August 2024</div></div> <div><div>Graduated Summa Cum Laude with 3.9 GPA.</div><div>Specialized in Backend Systems, Cloud Technologies, and Database Management.</div></div>	<div>Rio Salado College</div> <div><div>📍 Tempe, AZ</div></div>

SKILLS

Go / Microservices

API Design / Cloud Infrastructure

Postgres / MongoDB

Docker / Kubernetes

Terraform / AWS

Automated Testing

GraphQL / gRPC

Service-Oriented Architecture
