

## SUMMARY

Full-Stack Software Engineer with expertise in Python, Java, React, Node, and AWS cloud services. Skilled in building secure, scalable software solutions and managing infrastructure using Terraform. Experienced in developing intuitive user interfaces and backend systems that drive impactful change. Passionate about using technology to solve complex problems and create meaningful social impact.

## EXPERIENCE

Software Developer

Dec 2022 – Ongoing

by The Lindemans, LLC

Remote

Developed full-stack applications and managed cloud infrastructure

- Built backend systems using Python and Node, and created intuitive front-end interfaces with React.
- Managed cloud infrastructure with AWS and deployed applications using Terraform for IaC.

Collaborated with teams to deliver secure, reliable software solutions

- Developed and optimized APIs, ensuring security and compliance with best practices.
- Participated in agile development cycles, sprint planning, and code reviews.

Technology Support Specialist

Jun 2022 – Ongoing

Tolleson Union High School District

Remote

Designed and implemented software solutions for operational efficiency

- Developed Python-based scripts to automate workflows and improve efficiency.
- Managed secure software deployments and optimized API integrations.

Collaborated on agile projects and ensured system reliability

- Contributed to sprint planning, code reviews, and continuous integration pipelines.
- Managed version control with Git and containerized applications with Docker.

## EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management

Expected May 2026

Arizona State University

Online

4.0 GPA | Coursework includes Cloud Computing, Software Development, and API Security.

Associate of Science in Computer Science

August 2024

Rio Salado College

Tempe, AZ

Graduated Summa Cum Laude with 3.9 GPA.

Specialized in Python Development, Cloud Infrastructure, and API Integration.

## SKILLS

Python

Java

React

Node.js

AWS Cloud Services

Terraform & Infrastructure as Code (IaC)

API Development & Security

Git Version Control

Agile Development & Sprint Planning
