📍 San Diego, CA

SUMMARY

Ruby on Rails Developer with expertise in back-end and front-end development, object-oriented programming (OOP), and model-view-controller (MVC) architecture. Experienced in Test-Driven Development (TDD) and delivering high-quality, scalable software solutions. Passionate about leveraging technology to empower businesses and achieve operational excellence.

EXPERIENCE

Software Developer

by The Lindemans, LLC

📅 Dec 2022 – Ongoing

📍 Remote

Developed full-stack applications with a focus on back-end and front-end integration

- Built scalable, modular applications using Ruby on Rails and adhered to MVC architecture.
- Applied object-oriented programming principles to enhance code maintainability.

Incorporated Test-Driven Development (TDD) practices to ensure code reliability

- Developed and maintained comprehensive test suites using RSpec.
- Collaborated closely with teams to ensure continuous integration and smooth deployments.

Technology Support Specialist

Tolleson Union High School District

📅 Jun 2022 – Ongoing

📍 Remote

Collaborated with product teams to troubleshoot and optimize software systems

- Identified and resolved technical issues, ensuring high system availability.
- Implemented software updates with minimal downtime to ensure smooth operation.

Enhanced performance through continuous improvement and agile development

- Participated in code reviews, sprint planning, and iterative development cycles.
- Worked with cross-functional teams to align technical solutions with business goals.

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management

Arizona State University

📅 Expected May 2026

📍 Online

- 4.0 GPA | Coursework includes Full-Stack Development, Agile Methodologies, and Software Security.
