

SUMMARY

Full-Stack Software Engineer with over three years of experience delivering impactful features across backend and frontend platforms. Proficient in Ruby, React, and SQL, with hands-on experience deploying cloud solutions using AWS. Skilled in collaborating across cross-functional teams and contributing to fast-paced environments with a focus on solving complex challenges. Passionate about improving user experiences through thoughtful engineering and business alignment.

EXPERIENCE

Software Engineer / Developer

 Dec 2022 – Ongoing

by The Lindemans, LLC

 Remote

Developed and optimized features for full-stack web applications using React and Ruby

- Collaborated with cross-functional teams, including marketers and analysts, to align product requirements with technical solutions.
- Managed SQL databases and developed backend APIs to ensure seamless data interactions.

Led deployment efforts using AWS to enhance scalability and performance

- Conducted technical evaluations and integrated feedback into codebase improvements.
- Identified opportunities for automation and efficiency gains through backend development.

Technology Support Specialist

 Jun 2022 – Ongoing

Tolleson Union High School District

 Remote

Managed and supported technical systems to improve cross-department workflows

- Deployed and maintained SQL-based solutions to automate data processes and reporting.
- Collaborated with multiple teams to deploy new technical features and troubleshoot issues.

Optimized backend processes to improve system performance and reliability

- Built and maintained backend services, ensuring system scalability and performance.
- Assisted with frontend development using React to create user-friendly interfaces.

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management

 Expected May 2026

Arizona State University

 Online

- 4.0 GPA | Coursework includes Full-Stack Development, Cloud Platforms, and API Design.

Associate of Science in Computer Science

 August 2024

Rio Salado College

 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA.
- Specialized in Backend Development, SQL Databases, and Cloud Technologies.

SKILLS

Ruby / Kotlin

React / JavaScript Frameworks

SQL / Postgres

API Design / Cloud Platforms (AWS)

Microservices / Kafka

Cross-Functional Collaboration

Agile Development / Product Management
