

SUMMARY

Backend Engineer with expertise in JavaScript, Python, REST APIs, and Git-based workflows. Experienced in building scalable backend systems, collaborating with cross-functional teams, and mentoring peers. Passionate about contributing to product-focused engineering teams and creating innovative solutions for complex challenges.

EXPERIENCE

| | |
|---|--|
| <div>Software Developer</div> <div><div></div>Dec 2022 – Ongoing</div> <div><div>Built and maintained scalable backend services using JavaScript and Python</div><ul style="list-style-type: none">Designed REST APIs to enable seamless communication between systems and improve user experience.Collaborated with product and design teams to develop features aligned with business objectives.</div> | <div>by The Lindemans, LLC</div> <div><div></div>Remote</div> <div><div>Contributed to Git-based repositories and managed code synchronization</div><ul style="list-style-type: none">Worked within Git workflows to ensure smooth branching and merging across multiple developers.Participated in code reviews and implemented coding standards to maintain high-quality code.</div> |
| <div>Technology Support Specialist</div> <div><div></div>Jun 2022 – Ongoing</div> <div><div>Developed backend services and troubleshooting processes</div><ul style="list-style-type: none">Built automated scripts to monitor system performance and ensure uptime.Collaborated with stakeholders to identify and resolve technical issues in real-time.</div> | <div>Tolleson Union High School District</div> <div><div></div>Remote</div> <div><div>Fostered collaborative development through knowledge sharing and mentorship</div><ul style="list-style-type: none">Mentored junior developers and led pair programming sessions to enhance team productivity.Implemented best practices for coding standards and continuous integration workflows.</div> |

EDUCATION

| | |
|---|---|
| <div>Bachelor of Science in Technological Entrepreneurship and Management</div> <div><div></div>Expected May 2026</div> <div><ul style="list-style-type: none">4.0 GPA Coursework includes Software Development, Git Workflows, and Data Structures.</div> | <div>Arizona State University</div> <div><div></div>Online</div> |
| <div>Associate of Science in Computer Science</div> <div><div></div>August 2024</div> <div><ul style="list-style-type: none">Graduated Summa Cum Laude with 3.9 GPA.Specialized in Backend Development, Git, and Agile Methodologies.</div> | <div>Rio Salado College</div> <div><div></div>Tempe, AZ</div> |

SKILLS

| | | | | | | |
|--------------------------|------------------------|------------|-----------------------|---------------------|---------------------|-------------------------|
| JavaScript / TypeScript | Python | REST APIs | Git & Version Control | Backend Development | Agile Methodologies | Mentorship & Leadership |
| Creative Problem Solving | Continuous Integration | API Design | | | | |
