

# ENOCH LINDEMAN

C++ Developer / Financial Systems Specialist / Software Engineer

✉ enoch@lindeman.family    ☎ (619) 333-8221  
🌐 www.linkedin.com/in/enoch-lindeman    📍 San Diego, CA

## SUMMARY

C++ Developer with expertise in building low-latency, high-performance applications for financial and backend systems. Experienced in multi-threaded programming, database integration, and object-oriented design. Skilled in collaborating across teams to deliver robust, scalable software solutions for real-time data processing.

## EXPERIENCE

<b>Technology Support Specialist</b> 📅 Jun 2022 – Ongoing	<b>Tolleson Union High School District</b> 📍 Remote
Developed and optimized C++ microservices for real-time data operations	Led backend development efforts and CI/CD pipeline implementation
<ul style="list-style-type: none"><li>Designed efficient, multi-threaded C++ processes to reduce latency and improve system performance.</li><li>Integrated backend systems with SQL Server databases to ensure seamless data retrieval and processing.</li></ul>	<ul style="list-style-type: none"><li>Built and maintained CI/CD pipelines to streamline deployments and ensure consistent software quality.</li><li>Collaborated with QA, DevOps, and product teams to align technical solutions with business needs.</li></ul>
<b>Owner &amp; Software Developer</b> 📅 Dec 2022 – Ongoing	<b>by The Lindemans, LLC</b> 📍 Remote
Designed and maintained high-performance C++ systems	Collaborated with stakeholders to align technical solutions with business requirements
<ul style="list-style-type: none"><li>Developed object-oriented applications optimized for scalability and low-latency operations.</li><li>Implemented algorithms and data structures to enhance performance in complex software solutions.</li></ul>	<ul style="list-style-type: none"><li>Worked closely with product and DevOps teams to define technical requirements and strategies.</li><li>Led code reviews and performance tuning efforts to maintain software quality and reliability.</li></ul>

## EDUCATION

<b>Bachelor of Science in Technological Entrepreneurship and Management</b> 📅 Expected May 2026	<b>Arizona State University</b> 📍 Online
<ul style="list-style-type: none"><li>4.0 GPA   Coursework includes Software Development, Algorithms, and Project Management.</li></ul>	
<b>Associate of Science in Computer Science</b> 📅 August 2024	<b>Rio Salado College</b> 📍 Tempe, AZ
<ul style="list-style-type: none"><li>Graduated Summa Cum Laude with 3.9 GPA.</li><li>Specialized in C++ programming, data structures, and backend integration.</li></ul>	

## SKILLS

C++ (C++11/14/17)	Multi-threaded Programming	SQL & Relational Databases	Low-Latency Systems	Git & Source Control	CI/CD Pipelines
Algorithms & Data Structures	Object-Oriented Design	Performance Tuning	Financial Software Development	Backend Integration	
Agile Methodologies
