# **ENOCH LINDEMAN**

Staff Software Engineer / Technology Support Specialist Cofounder & Owner, by The Lindemans, LLC

enoch@lindeman.family

in www.linkedin.com/in/enoch-lindeman

San Diego, CA

### SUMMARY

A highly motivated software engineer dedicated to deploying innovative machine learning solutions at scale. Experienced in developing end-to-end machine learning systems, from API integration with NVIDIA Triton Inference Server to optimizing workflows for large-scale model inference, I am committed to building technology that drives operational efficiency and real-world impact.

### **EXPERIENCE**

#### Information Technology Support Specialist

Jun 2022 - Ongoing

Led deployment of 3,000 devices across campus

- First point of contact for all technical issues regarding internet-connected devices.
- · Optimized device configuration processes, reducing network troubleshooting time by

Tolleson Union High School District

The Church of Jesus Christ of Latter-Day Saints

Developed district-wide support app for 14,000 users

- Built a Microsoft Power App with 0365 and SharePoint integrations, reducing user information requests by 90%.
- Automated data processing workflows, cutting response times by 50%.

#### Owner & Software Developer

Dec 2022 - Ongoing

Developed personalized wellness app using Python & Rust

- Integrated REST APIs and focused on cross-platform performance optimization.
- Collaborated with target users for iterative design, with an alpha release set for 2025.

Automated CI/CD tools to accelerate development

- Deployed automated pipelines, reducing development overhead by 80%.
- Applied Agile methodologies to improve project turnaround by 30%.

#### Mission Technology Specialist

May 2020 – May 2022

Oversaw 3,000+ users transitioning to remote platforms

- Led setup of remote teaching infrastructure using cloud solutions.
- Provided technical guidance for transitioning to virtual environments.

Syracuse, NY

Avondale, AZ

by The Lindemans

**♀** Glendale, AZ

Automated repetitive administrative tasks

- · Developed scripts to streamline weekly program production, cutting down manual effort by 60%.
- Created a decentralized system for tracking volunteer hours and service opportunities.

#### **EDUCATION**

#### Bachelor of Science in Technological Entrepreneurship and Management

**Arizona State University** 

Online

- Expected May 2026 • Current GPA: 4.0
- Coursework includes Machine Learning, Data Science, and Cloud Computing.

#### Associate of Science in Computer Science

August 2024

• Graduated Summa Cum Laude, GPA: 3.9

· Focus on software development, data structures, and cybersecurity.

Rio Salado College

**♀** Tempe, AZ
