ENOCH LINDEMAN

Senior Software Engineer / C4ISR Developer / Java C++ Specialist

✉ enoch@lindeman.family   ☎ (619) 333-8221
in www.linkedin.com/in/enoch-lindeman   📍 San Diego, CA

SUMMARY

Senior Software Engineer with 8+ years of experience in software architecture, design, and development for mission-critical defense technologies. Proficient in Java, C++, RESTful microservice and cloud-native development with AWS and Azure. Extensive experience in containerization technologies like Docker and Kubernetes. Hold an active Top Secret clearance and a deep passion for C4ISR system development, supporting warfighters across air, land, sea, and space.

EXPERIENCE

Senior Full-Stack Developer
by The Lindemans, LLC

📅 Dec 2022 – Ongoing   📍 Remote

Led development of microservices using Java Spring Boot in a cloud-native environment
- Designed and developed RESTful microservices to support distributed, secure systems.
- Integrated containerized applications using Docker and orchestrated deployment with Kubernetes.

Implemented secure DevSecOps practices in fast-paced Agile environments
- Automated CI/CD pipelines, ensuring secure and continuous delivery of software updates.
- Collaborated with cross-functional teams to design solutions in AWS, leveraging cloud-native patterns.

Senior Software Engineer / Java C++ Specialist
Tolleson Union High School District

📅 Jun 2022 – Ongoing   📍 Remote

Architected and developed robust, scalable systems using Java and C++
- Designed secure software systems for mission-critical applications with a focus on performance.
- Utilized C++ for low-level system components and Java for higher-level application logic.

Deployed cloud-native solutions using AWS and Azure services
- Integrated cloud solutions into the development pipeline, optimizing for scalability and reliability.
- Leveraged cloud-based DevOps tools to automate deployments and ensure system resiliency.

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management
Arizona State University

📅 Expected May 2026   📍 Online

- Focused on Software Development, Cloud Computing, and Cybersecurity.

Associate of Science in Computer Science
Rio Salado College

📅 August 2024   📍 Tempe, AZ

- Graduated with a 3.9 GPA; specialized in Object-Oriented Programming (Java, C++) and Cloud Technologies.

SKILLS

| Java / C++ / Spring Boot | AWS / Azure / Cloud-Native Development | Docker / Kubernetes | RESTful Microservices / API Design |

| DevSecOps Practices / CI/CD Automation | Agile Development / Cross-Functional Collaboration |
