✉ enoch@lindeman.family   📞 (619) 333-8221
in www.linkedin.com/in/enoch-lindeman   📍 San Diego, CA

SUMMARY

Technical Business Analyst with expertise in agile environments, fintech processes, and digital solutions. Skilled in backlog management, user story refinement, and collaborating with cross-functional teams to enhance business outcomes in fast-paced settings.

EXPERIENCE

Information Technology Support Specialist
Tolleson Union High School District

📅 Jun 2022 – Ongoing   📍 Avondale, AZ

Managed technical requirements and process improvement initiatives
- Collaborated with product teams to analyze user needs, document requirements, and ensure readiness of backlog items
- Participated in sprint planning, daily scrums, and backlog grooming to support agile development
- Utilized tools like Postman and JSON for testing and verifying APIs as part of process optimization projects

Contributed to the development of user stories
- Worked with stakeholders to define clear acceptance criteria, ensuring user stories were complete and aligned with business objectives
- Provided feedback to developers, reconciling requirements and helping refine features to enhance usability and performance

Owner & Software Developer
by The Lindemans

📅 Dec 2022 – Ongoing   📍 Glendale, AZ

Led fintech app development and requirements gathering
- Conducted market analysis, user interviews, and requirements workshops to define features for a personalized wellness app
- Created user stories and functional specifications, guiding the development process from ideation to prototype
- Implemented agile methodologies to manage the development backlog, prioritize tasks, and maintain project momentum

Ensured alignment of technical solutions with user needs
- Engaged in testing and validation to ensure functional requirements were met and user experience was optimized
- Collaborated with developers to address technical challenges, ensuring solutions aligned with product vision

Mission Technology Specialist
The Church of Jesus Christ of Latter-Day Saints

📅 May 2020 – May 2022   📍 Syracuse, NY

Supported agile processes and digital transition
- Participated in process mapping and workflow analysis to improve digital communication and service delivery
- Documented business processes and technical requirements, contributing to system enhancements

Facilitated cross-functional collaboration
- Acted as a bridge between technical teams and users, ensuring clarity in requirements and timely delivery of digital solutions
- Supported agile sprints, refining requirements based on evolving user feedback and technical feasibility

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management
Arizona State University

📅 Expected May 2026   📍 Online

- 4.0 GPA, focused on agile methodologies, business analysis, and financial technology concepts

Associate of Science in Computer Science
Rio Salado College

📅 August 2024   📍 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA, with coursework in process design and system analysis
