in www.linkedin.com/in/enoch-lindeman   📍 San Diego, CA (Remote)

SUMMARY

Software Engineer with experience in **Windows Forms, VB.NET, and C** for developing robust applications. Skilled in **SQL Server**, **MVC web development (HTML/CSS/JS)**, and **Azure DevOps** for managing code and cloud infrastructure. Adept at troubleshooting, optimizing performance, and providing cross-functional collaboration. Committed to delivering high-quality software solutions that improve operational efficiency and enhance user experience.

EXPERIENCE

Software Engineer / Full-Stack Developer — by The Lindemans
📅 Dec 2022 – Ongoing   📍 San Diego, CA

Developed .NET applications using C and VB.NET for business solutions
- Created and maintained **Windows Forms applications** to support internal operations and customer workflows.
- Built web applications using **MVC architecture** and **JavaScript, HTML, and CSS** to enhance user accessibility.

Integrated applications with Azure services and managed databases
- Deployed and maintained applications in **Azure**, ensuring high availability and data integrity.
- Managed **MS SQL Server databases**, optimized stored procedures, and improved table/index designs.

Technology Support Specialist / Software Developer — Tolleson Union High School District
📅 Jun 2022 – Ongoing   📍 San Diego, CA

Analyzed and resolved technical issues related to software and databases
- Identified root causes of technical issues and deployed updates to resolve them promptly.
- Worked closely with users to troubleshoot and describe application capabilities.

Collaborated with cross-functional teams to manage projects and deployments
- Coordinated development efforts with internal departments and third-party providers.
- Used **GitHub** for version control and managed code releases with **Azure DevOps**.

Mission Technology Specialist — The Church of Jesus Christ of Latter-Day Saints
📅 May 2020 – May 2022   📍 Syracuse, NY

Developed and maintained internal tools to improve operations
- Designed software solutions using **C** and integrated with **SQL databases** for reporting.
- Created internal documentation to ensure compliance with best practices.

Supported users with technical troubleshooting and system optimization
- Provided technical training to non-technical staff and documented troubleshooting procedures.
- Collaborated with teams to maintain security and compliance standards.

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management — Arizona State University
📅 Expected May 2026   📍 Online
- Coursework includes Software Engineering, Cloud Computing, and Full-Stack Web Development.

Associate of Science in Computer Science — Rio Salado College
📅 August 2024   📍 Tempe, AZ
- Graduated Summa Cum Laude, GPA: 3.9
- Specialized in .NET Development, Database Management, and Web Application Design.

SKILLS

C / VB.NET | Windows Forms | JavaScript / CSS / HTML | MS SQL Server | Azure DevOps | GitHub | PCI Compliance (Familiarity) | MVC Framework
