EXPERIENCE

Senior Front-End Developer – React.js Specialist
Tolleson Union High School District
📅 Jun 2022 – Ongoing
📍 Avondale, AZ

Developed high-quality, scalable web applications using React.js and related technologies
- Designed and implemented front-end solutions with React.js to meet performance and scalability requirements for a large user base
- Collaborated with back-end developers to ensure seamless integration of APIs and server-side logic

Collaborated with stakeholders to deliver responsive web experiences
- Gathered requirements from stakeholders and translated them into scalable front-end solutions
- Focused on optimizing performance and responsiveness across multiple devices, ensuring cross-browser compatibility

Owner & Front-End Developer
by The Lindemans
📅 Dec 2022 – Ongoing
📍 Glendale, AZ

Designed and developed custom front-end solutions using React.js
- Led the design and development of user-friendly, scalable front-end applications using React.js and JavaScript (ES6+)
- Integrated front-end solutions with RESTful APIs and back-end systems, ensuring a seamless user experience

Provided technical consultation and performance optimization
- Collaborated with clients to provide technical guidance and implement best practices for front-end architecture and design trends
- Optimized the performance of web applications by improving load times, responsiveness, and scalability

Mission Technology Specialist
The Church of Jesus Christ of Latter-Day Saints
📅 May 2020 – May 2022
📍 Syracuse, NY

Developed and maintained responsive web applications
- Created cross-browser compatible, mobile-first web applications using React.js and related technologies
- Ensured seamless integration of front-end systems with back-end services, enhancing user interaction and experience

Collaborated with stakeholders to improve application performance
- Worked closely with internal teams and stakeholders to optimize performance and maintain high standards in front-end architecture

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management
Arizona State University
📅 Expected May 2026
📍 Online

SUMMARY

Senior Front-End Developer with 8+ years of experience specializing in React.js. Expertise in developing scalable, high-performance web applications and collaborating with stakeholders to deliver seamless, responsive user experiences. Skilled in performance optimization, integrating with back-end systems, and maintaining industry best practices for front-end solutions.

TOOLS

React.js	JavaScript (ES6+)
HTML5	CSS3 / SASS
RESTful APIs	GraphQL
Performance Optimization	Responsive Design
Node.js	Git / GitHub
WebPack	Agile Methodologies

SKILLS

React.js Development	Front-End Integration
Performance Optimization	Scalability
Collaborating with Stakeholders	
Cross-Browser Compatibility	
User Experience Design	Technical Consultation
JavaScript Frameworks	Code Reviews

PROGRAMS

Visual Studio Code	JIRA
Google Workspace	Microsoft Office365
Figma / Sketch	GitHub

KNOWLEDGE

Web Architecture	API Integration
Responsive Web Design	Version Control
Web Performance	User Interface (UI)

Authorized to work in the US for any employer
References available upon request

- Specializing in front-end development, web architecture, and performance optimization
- 4.0 GPA

Associate of Science in Computer Science

Rio Salado College

📅 August 2024

📍 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA
