SUMMARY

Backend Engineer with expertise in JavaScript, Python, REST APIs, and Git-based workflows. Experienced in building scalable backend systems, collaborating with cross-functional teams, and mentoring peers. Passionate about contributing to product-focused engineering teams and creating innovative solutions for complex challenges.

EXPERIENCE

Software Developer
by The Lindemans, LLC

📅 Dec 2022 – Ongoing   📍 Remote

Built and maintained scalable backend services using JavaScript and Python

- Designed REST APIs to enable seamless communication between systems and improve user experience.
- Collaborated with product and design teams to develop features aligned with business objectives.

Contributed to Git-based repositories and managed code synchronization

- Worked within Git workflows to ensure smooth branching and merging across multiple developers.
- Participated in code reviews and implemented coding standards to maintain high-quality code.

Technology Support Specialist
Tolleson Union High School District

📅 Jun 2022 – Ongoing   📍 Remote

Developed backend services and troubleshooting processes

- Built automated scripts to monitor system performance and ensure uptime.
- Collaborated with stakeholders to identify and resolve technical issues in real-time.

Fostered collaborative development through knowledge sharing and mentorship

- Mentored junior developers and led pair programming sessions to enhance team productivity.
- Implemented best practices for coding standards and continuous integration workflows.

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management
Arizona State University

📅 Expected May 2026   📍 Online

- 4.0 GPA | Coursework includes Software Development, Git Workflows, and Data Structures.

Associate of Science in Computer Science
Rio Salado College

📅 August 2024   📍 Tempe, AZ

- Graduated Summa Cum Laude with 3.9 GPA.
- Specialized in Backend Development, Git, and Agile Methodologies.
