ENOCH LINDEMAN

UI/UX Engineer / Frontend Developer

✉ enoch@lindeman.family ☎ (619) 333-8221
in www.linkedin.com/in/enoch-lindeman 📍 San Diego, CA

SUMMARY

UI/UX Engineer with experience in designing and developing user interfaces for web applications. Proficient in HTML5, CSS3, JavaScript, and responsive design, with a strong focus on usability, aesthetics, and cross-browser compatibility. Skilled in creating mock-ups, implementing design standards, and integrating front-end code with backend frameworks.

EXPERIENCE

Frontend Developer — by The Lindemans
📅 Dec 2022 – Ongoing 📍 Glendale, AZ

Developed user-friendly web interfaces
- Designed and implemented responsive web pages using HTML5, CSS3, and JavaScript, improving user experience across devices
- Created interface mock-ups in Adobe Illustrator and Photoshop, ensuring alignment with usability and aesthetic criteria
- Developed CSS with preprocessors like LESS, ensuring clean, semantic, and maintainable code

Ensured cross-browser compatibility and design standards
- Performed cross-browser testing and debugging, ensuring consistent performance across different web environments
- Integrated front-end code into backend systems, ensuring seamless connectivity and adherence to design specifications
- Assisted junior team members by providing guidance on front-end coding practices and usability standards

Information Technology Support Specialist — Tolleson Union High School District
📅 Jun 2022 – Ongoing 📍 Avondale, AZ

Enhanced web interfaces and site usability
- Developed and maintained school website interfaces, ensuring a user-friendly experience and adherence to accessibility standards
- Implemented responsive design techniques to ensure optimal viewing across devices, improving user engagement by 20
- Collaborated with stakeholders to determine design requirements, creating mock-ups and wireframes to visualize proposed changes

Improved web performance and functionality
- Wrote clean, semantic HTML and CSS, adhering to web standards and improving site performance
- Tested and debugged pages for cross-browser compatibility, ensuring consistent user experiences across Chrome, Firefox, Safari, and Edge
- Integrated UI components with backend frameworks, supporting dynamic content updates and interactive features

Mission Technology Specialist — The Church of Jesus Christ of Latter-Day Saints
📅 May 2020 – May 2022 📍 Syracuse, NY

Supported UI/UX improvements for digital platforms
- Contributed to the design and enhancement of web interfaces, ensuring alignment with user experience standards and organizational goals
- Collaborated with team members to implement UI changes, ensuring effective communication of design changes and user feedback

Maintained front-end code and visual elements
- Designed web graphics, icons, and banners to support branding and visual consistency across platforms
- Worked with cross-functional teams to integrate HTML and CSS components into JSPs, supporting backend connectivity

EDUCATION

Bachelor of Science in Technological Entrepreneurship and Management — Arizona State University
📅 Expected May 2026 📍 Online
- Focus on Web Design, UI/UX Development, and Frontend Technologies; currently maintaining a 4.0 GPA

Associate of Science in Computer Science — Rio Salado College
📅 August 2024 📍 Tempe, AZ
- Graduated Summa Cum Laude with 3.9 GPA; coursework included HTML/CSS, JavaScript, and UI/UX Design Principles
